THE [Numb. 903.]

MARYLAND GAZETTE,

Containing the lateſt Advices foreign and domeſtic.

THURSDAY, *Auguſt* 26, 1762.

LONDON, May 12.

DR. Wollaſton, of Bury, near Ipſwich, has publiſhed the following Account of the afflicted Family at Wattiſham.

" John Downing, a poor labouring Man, living at Wattiſham, in January laſt, had a Wife and ſix Children; the eldeſt a Girl of 15 Years of Age, the youngeſt about four Months. They were all at that Time very healthy, and had not any of them been ill for ſome Time before. On Sunday the 10th of January the eldeſt Girl complained in the Morning of a Pain in her left Leg, particularly in the Calf of the Leg. Towards Evening the Pain grew exceedingly violent. The ſame Evening another Girl complained of the ſame violent Pain in the Leg. On the Monday the Mother and another Child: And on the Tueſday all the reſt of the Family were affected in the ſame Manner; ſome in one Leg, ſome in both Legs. The little Infant was taken from the Mother's Breaſt: It ſeemed to be in Pain; but the Limbs did not mortify: It lived a few Weeks. The Mother and five other Children continued in violent Pain a conſiderable Time: In about four, five, or ſix Days, the diſeaſed Leg began to turn Black gradually, appearing at firſt covered with blue Spots as if it had been bruiſed. The other Leg of thoſe who were affected at firſt only in one Leg, about that Time alſo began to be affected with the ſame excruciating Pain, and in a few Days that Leg alſo began to mortify. The mortified Parts ſeparated gradually from the ſound Parts, and the Surgeon had in moſt of the Caſes no other Trouble than to cut through the Bone, which was black and almoſt dry. The State of their Limbs at preſent is this:

" Mary the Mother, aged 40, has loſt the right Foot at the Ancle, the left Foot alſo is off, and the two Bones of the Leg remain almoſt dry, with only ſome little putrid Fleſh adhering in ſome Places. The Fleſh is found to about two Inches below the Knee. The Bones would have been ſawn through at that Place if ſhe would have conſented to it.

" Mary, aged 15, both Legs off below the Knees.

" Elizabeth, aged 13, both Legs off below the Knees.

" Sarah, aged 10, one Foot off at the Ancle. The other Foot was affected, but not in ſo great a Degree, and is now ſound again.

" Robert, aged eight, both Legs off below the Knees.

" Edward, aged four, both Feet off.

" An Infant, four Months old, dead.

" The Father was attacked about a Fortnight after the reſt of the Family, and in a ſlighter Degree: The Pain being confined to his Fingers.—Two Fingers of the right Hand continued for a long Time diſcoloured and partly ſhrunk and contracted; but he begins now to have ſome Uſe of them.—The Nails of the other Hand were alſo diſcoloured.—He loſt two of them.

" It is remarkable, that during all the Time of this Misfortune, the whole Family are ſaid to have appeared in other Reſpects well, eat heartily, and ſlept well when the Violence of the Pain began to abate.—The Mother is now emaciated, and has very little Uſe of her Hands.—The eldeſt Girl has a ſuperficial Ulcer in one Thigh, and ſeems alſo ill. The reſt of the Family are pretty well.—The Stumps of ſome of them perfectly healed."

May 18. By Letters received from Gibraltar, by the Anglicana, Steward, and the Anna Maria, Shaw, from Turkey, laſt from Gibraltar, there is Advice that Admiral Saunders, with 18 Men of War, 4 Bomb-ketches, and 2 Fire-ſhips, ſailed from Gibraltar the 20th of April, to intercept 12 Spaniſh Men of War that were coming out of Cadiz, as the Admiral had been informed.

May 22. We hear that the Warwick Eaſt Indiaman, lately arrived from China, found two fine Iſlands, very far to the Southward, not diſcovered before.

It is reported, that in Purſuance of Directions given by the Hudſon's Bay Company for the Diſcovery of a North-weſt Paſſage, the Strait called Cheſterfield's Inlet has been very carefully examined, and found to prove wider and deeper; from whence great Hopes are formed that this important Diſcovery will be ſpeedily compleated.

Part of a Letter from Dunkirk, May 5.

" A Fortnight ago we began to arm two Prames, ſix cannonading Sloops, and 16 flat-bottomed Boats. Each Prame, carries Twenty 24-Pounders and Twelve 18-Pounders; each cannonading Sloop carries Three 24 Pounders; and each flat-bottomed Boat carries Two 24-Pounders. All theſe Veſſels have been fitted out in the Space of 8 Days: Laſt Year, an Armament of the ſame Force employed a whole Month."

May 25. Orders are given for all Officers of the Army to repair to their Poſts.

A Liſt of Ships taken by the French in 1761.

In January 83; February 83; March 52; April 54; May 70; June 103; July 83; Auguſt 77; September 80; October 32; November 39; December 56; in all 812. Among which are 69 Virginia and Maryland Ships, outward and homeward-bound; 55 Newfoundland-men, outward and homeward-bound; 36 Carolina-men, outward and homeward bound; and 131 Jamaica and Leeward Iſland-men, outward and homeward-bound; excluſive of the North America illicit Traders, &c. &c.

June 1. The following Account is dated from Madrid, May 18. " On the 7th Inſt. an Engliſh Frigate named the Eagle, from Naples and Leghorn, came into a ſmall Bay near Carthagena. She had on board, among other Effects, a large Quantity of Rags for making Paper; which took Fire, and burnt ſo furiouſly, that it was impoſſible to extinguiſh the Flames: All they could do, was to throw the Powder overboard, to prevent the Veſſel from being blown up. She burnt to water Edge. Only her Guns, and ſome Proviſions were ſaved. The greateſt Part of the Crew, which amounted to 72, including the Captain and a Lady, who was a Paſſenger, periſhed."

June 10. According to Letters from Paris, never were Murders and Aſſaſſinations ſo frequent in that City as they have been for ſome Time paſt. The Vices, Diſtreſſes, and Deſpair that ariſe from the Miſeries of the Times, and the unnatural Mixture of craving Luxury and extreme Poverty, are juſtly ſuppoſed to occaſion many of theſe horrid Events. In the mean Time, the Rumour of Peace is renewed, and it is imagined that the Count d'Eſtaing, who was lately Priſoner in England (and who was treated there with the greateſt Civility and Diſtinction, notwithſtanding the Breach of his Parole) has been the Inſtrument of renewing the Negotiations. It is ſaid, that the polite Treatment of that Officer drew a very genteel Letter from the Duke of Choiſeuil to the E. of B. which offered a natural Opportunity of Tranſition from private to public Matters. Certain it is, that the Language of that Duke is remarkably changed, and that his high Tone of Voice has contracted a Mixture of Suavity, that indicates an approaching Accommodation of Matters between the two Crowns.

June 12. The Poſtſcript of a Letter from the Hague of the 8th ſays, that a Report was juſt ſpread, that the Spaniards had made themſelves Maſters of Braganza.

Extract of a Letter from Paris, June 4.

" The Inaction of our Armies, as well as thoſe of the Allies, which ſome attribute to a Want of Forage, was really due to another Cauſe, even to the Renewal of the Negociations for Peace, which ſucceeded the generous Proceedings of the Court of London towards Count Eſtaing, and were in a great Meaſure owing alſo to the Interceſſion of the King of Sardinia. This Monarch ſent expreſs Orders to his Miniſter at London, Count Viri, to uſe his utmoſt Endeavours for renewing the Negociations that had been unhappily interrupted by the ill-timed Demands of Spain. This Miniſter executed his Orders with Integrity and Zeal; but, as it appears, hitherto without much Succeſs; for freſh Orders have lately been ſent from this Court to the Count d'Etrees and the Prince of Conde, to puſh the warlike Operations with the utmoſt Vigour. The great Change, however, that has now taken Place in the Engliſh Miniſtry, revives our Hopes of Peace. The Removal of the old Continental Miniſter, as it will naturally diminiſh the Force of thoſe Foreign Connexions that conſtituted the Eſſence of his political Syſtem, muſt conſequently produce a Change of Meaſures in Germany, and greatly ſtrengthen the Party that has hitherto oppoſed the German War. The humane and pacific Character of the Britiſh Monarch; the Spirit of the new Miniſtry; the Voice of the People, who are ſatiated with Laurels that are ſo Expenſive; every Thing, in ſhort, contributes to make us look for a ſhort Campaign, and a final One."

Admiralty-Office, May 12. Captain Richard Knight, of his Majeſty's Ship the Liverpool, hath brought with him to Cork, the Grand Admiral, a French Privateer Snow, of 10 Guns, and 85 Men, which he took the 24th of laſt Month off Mizenhead: The Privateer had been out from Bayonne 48 Days, and taken nothing.

Captain Mitchell Graham, of his Majeſty's Ship Aldborough, in his Letter dated at Cork the 2d Inſtant, gives an Account, that on the 28th paſt, off Cape Clear, he fell in with and took the Neuſtra Seniora de la Piedade, alias Golondrina, a Spaniſh Privateer Schooner, of 8 Guns and 65 Men; and alſo that he retook the Ship Brayton, of Whitehaven, from Carolina, which had been taken by the above-mentioned Privateer.

BRIDGE-TOWN, BARBADOS, *July* 1.

On Sunday laſt was ſent into this Port, by the Privateer Brig Maynard, Capt. Campbell, of this Iſland, the Sloop La Maria, from Cape-François, bound to Coracoa, loaded with white Sugar, Indico and Coffee, which they took on the 27th of May, after a Chaſe of 6 Hours, in Lat. 18: 30. She mounts 10 Carriage and 10 Swivel Guns, with Small-Arms, &c. had upwards of 40 Men, 30 of which are Negroes. The Day after they took this Prize they fell in with three other Sloops, two of which mounted 10 Guns each, and the other 12. They ſailed from the Cape in Company with the Prize, were bound to the ſame Place, and all engaged the Privateer, who, being weakly manned, was obliged to leave them. The Captain of the Prize is a Spaniard, the Merchant and Doctor Frenchmen, and the reſt of the white Men a Mixture of both Nations.

ST. JOHN's (in Antigua) July 14.

Letters from Guadaloupe, and the other conquered Iſlands, continue to complain very much of the Miſchiefs done on their Coaſts by ſmall Privateers. Theſe inſulting Enemies, in which there is great Reaſon to ſuſpect that ſome of the French Inhabitants are themſelves concerned, have ſeveral Times plundered Houſes, carried off Negroes, and ſometimes even taken Sugars from the Plantations.

We hear his Majeſty's Ship the Amazon, has taken a French Ship from Bourdeaux, and carried her into St. Kitts.

BOSTON, *Auguſt* 5.

Extract of a Letter from Halifax, July 23, 1762.

" It is imagined here the French Fleet conſiſts of the following Ships, viz. Robuſte, of 74 Guns, Eveille 74, Amphitrion 46, and the Licorne Frigate, of 28 Guns. Altho' Martial Law is taken off here, the Militia of the Town do Duty every Day, and it is likely to continue till we have more favourable Accounts from Newfoundland."

Monday Morning arrived here Captain Maddicks, in the Ship Anne, from Dartmouth in England, who ſailed in Company with a Number of Veſſels bound to Newfoundland, under Convoy of his Majeſty's Ship Antelope, of 50 Guns.—Capt. Maddicks, on his ſtanding in for St. John's, was becalmed, and a Shallop came off with ſome Engliſh People, who informed him that the French were in Poſſeſſion of that Place; whereupon he ſtood away for this Port.

Unleſs the Antelope and the reſt of her Convoy ſhould likewiſe get Intelligence, it is feared ſome of them will fall into the Enemy's Hands, as they were bound to St. John's.

By Veſſels from Halifax we have an Account, that one of the above Fleet, a Snow from Dartmouth, laden with Proviſions, went into St. John's, where ſhe was ſeized by the Enemy, and a Midſhipman and ſome Hands out of one of the French Men of War were put on board her, and ſtripped her of her Sails: But the Maſter of the Snow taking an Opportunity, when ſome of the Frenchmen went aſhore, to procure a Number of Engliſhmen who belonged to the Gramont Frigate, he cut her Cable, and ſtood out of the Harbour; there being a Suit of Sails on board, they kept bending them the whole Time the Enemy were firing on her from the Shore. The Snow was arrived ſafe at Halifax, with the Midſhipman and ſome of the Frenchmen on board.

We alſo hear, that a Veſſel belonging to Rhode-Iſland, deeply laden, went into St. John's with all her Colours out, ſeeing Engliſh Colours flying at the Forts, and on the Ships in the Harbour, not knowing the Place was in the Enemy's Hands, till he went on board the Admiral's Ship.

We hear that at Louiſbourg they are preparing to prevent the French getting Poſſeſſion there, if they ſhould attempt it from Newfoundland.

Auguſt 9. On Thurſday laſt arrived here a Sloop from Newfoundland, with about 50 Men Paſſengers, 16 of whom made their Eſcape from St. John's in a Boat, a Fortnight after that Place ſurrendered to the French; they inform that the Enemy had already erected three new Fortifications there, and had alſo greatly ſtrengthened the old Fort on the Land Side: That they had ſent to England, in two ſmall Veſſels, the Engliſh Garriſon which they took there, conſiſting of about 80 Soldiers; and that other Veſſels were preparing to carry Home the Merchants and Seamen: That they were fitting the Gramont Frigate for the Sea; and that no Engliſh Veſſel had come into that Harbour ſince the French had Poſſeſſion of it.

That the Antelope Man of War having received Intelligence of St. John's being in the Hands of the Enemy, landed her Marines on the Iſle of Buoy, at Ferriland, where there is a good Fort, and the only Place that held out when the Iſland

was taken by the French in Queen Ann's War, and that the Antelope afterwards went to St. Mary's Bay: That the French had fitted out no Privateers of any Conſequence, but only a few ſmall Craft, which were gone to the Northward, and had deſtroyed the Settlements at Conception Bay, and were proceeding to Trinity, to do the ſame there; both of which Places the Inhabitants had deſerted, with moſt of their Effects: That the French General had iſſued a Manifeſto, ſignifying, that ſuch of the Inhabitants who did not come in and ſubmit themſelves before the 25th of July, ſhould, if taken, be treated with great Severity: That the French gave out they expected to be joined by 6 or 8 Spaniſh Men of War, and alſo a Number more from France, and that they were determined to keep Poſſeſſion of the Place.

Extract of a Letter from Louiſburg, July 30, 1762.

"*This Moment we had a Cartel arrived here with 2 Officers, and a Number of Men, from St. John's, and are bound to England; they put in here for Want of Proviſions, having only enough for 11 Days; but they are to proceed from hence to Halifax, we having only ſufficient for ourſelves: Theſe Officers inform us, that the French have two Ships of the Line and two Frigates, and 1600 Grenadiers, very fine Troops, they having picked them out of 20 Regiments; they are buſily employed in fortifying the Place, which they ſay will be compleatly done; and that there is 500 Men to garriſon it this Winter; they have no Thoughts of proceeding any farther, and the Remainder are to return from whence they came: They oblige the Inhabitants of St. John's to work, and pay them nothing for it; and they are greatly afraid of our Fleet ſoon coming to them, they having conſtantly Reports of that Kind. One of the Gentlemen told me that they ſpoke with a fiſhing Schooner, who informed them that he ſaw 4 Engliſh Men of War, who ſpoke to him, and told him that they were going to block up St. John's Harbour: The French treat their Priſoners very ill, putting them on board with ſtinking Proviſions, and Blubber Caſks filled with Water; this is all I can learn at preſent.*"

ANNAPOLIS, *Auguſt* 26.

Capt. *M'Cauley* is juſt arrived at *Philadelphia*, from the *Havannah*, which he left the 6th of this inſtant *Auguſt*, and brings Advice, that the 28th of *July*, the *Moor-Caſtle* was taken by Storm, with the Loſs of about 50 Men on our Side, and about 1500 of the *Spaniards*; That the *Spaniards* then bent all their Force againſt the *Moor-Caſtle*, or the Remains, as it was reduced to a Heap of Rubbiſh only: That our Troops were erecting Batteries againſt the Town, *&c.* which were to be opened the 10th of *Auguſt*, at which Time 8 Sail of the Line were to enter the Harbour, after which our People ſoon expect to be in Poſſeſſion of the whole: Colonel *Howe* was burning moſt of the Villages about the Country: Five Sail of Tranſports, and the *Enterprize* Man of War of 40 Guns, were loſt, going through the Old Straits of *Bahama*, but all the People ſaved, theſe were of the firſt Diviſion: Five Ships of the ſecond Diviſion were taken by ſome *French* Men of War, *viz.* Captain *Clemin*, Captain *Smith*, Captain *Daviſon*, Snow *Polly*, all of *Philadelphia*, and a Brig belonging to *New-York*.

We hear that an Expedition is immediately to take Place, for the Recovery of *Newfoundland*, under the Command of Colonel *Amherſt*, to be compoſed of the recovered Troops from *Martinico*, now in the Neighbourhood of *New-York*, the Troops from *Halifax* and *Louiſburgh*, and a Detachment of Artillery from *Halifax*.

On Tueſday Night laſt, during the Time that it thundered, lightned and rained, another Attempt was made by ſome audacious Villains, to break into that Part of the Paper Currency Office where the Iron Cheſts are depoſited, by undermining the Foundation; but their Attempt proved abortive, although they are ſuppoſed to have wrought at it with Crows, or Pick-axes, as well as Spades.—We hear that Two Men are in Goal on Suſpicion of being concerned in this Affair.

ROUSBY-HALL, *Auguſt* 16, 1762.

WHEREAS a Ferry hath been advertiſed to be kept at *Wye-Town*, and divers Perſons have from thence paſſed over *Wye* River, and landed at a Place called *Shipping Hole*, in the middle of a Plantation now in my Poſſeſſion, belonging to the Heir of *John Rouſby*, Eſq; deceaſed, making a common Road through the ſaid Plantation, in extent more than one Mile, where no Road had ever been before, and this under a ſpecious Pretence of Public Convenience, when calculated for no other Purpoſe, but that of Facilitating the Buſineſs of a Jew's Shop kept at *Wye-Town*, and caſting Travellers a little out of the Way of the ſaid Jew's hoſpitable Houſe, and muſt at the ſame Time inevitably Ruin an Orphan's Plantation now under my Care. I therefore give this Public Notice to all Perſons whatſoever, That I have ordered *Matthew Bryan*, my Superintendant at *Wye*, to prevent any Perſon from paſſing through the ſaid Plantation, either to or from *Shipping Hole*, and ſuch, who ſhall hereafter preſume to do it, may expect to be dealt with according to Law.
